

MAKES GOING GREEN EASY!

The F 420  Special Bistro Detergent
and the B 220  All-purpose Rinse Aid.

AT WINTERHALTER, ONE THING HAS BEEN OUR TOP CONCERN FOR YEARS: THE RESPONSIBLE USE OF RESOURCES.

A CLEAN BUSINESS: THE F420 SPECIAL BISTRO DETERGENT.

- Liquid alkaline detergent
- Suitable for use in commercial glass- and dishwashers
- Removes drink residues and lightly dried-on food, coffee and tea stains
- Odour-neutral, highly concentrated
- Particularly economical to use
- Absorbs lime scale residues and protects glass surfaces

BRILLIANT WASH RESULTS: THE B220 ALL-PURPOSE RINSE AID.

- Liquid acidic rinse aid
- Suitable for all uses in commercial glass- and dishwashers
- Particularly economical to use
- Excellent dish wetting
- Fast, spotless drying thanks to the optimum draining performance

Do you know what we think is truly ecological? Environmentally-friendly warewashing systems that make no compromises.

As a specialist in commercial warewashing systems, Winterhalter stands for consistent energy recycling and an economical use of resources. Thanks to minimum water consumption and energy recovery models, Winterhalter guarantees the highest efficiency and reduced operating costs. High-quality warewashing hygiene products, innovative water treatment units and perfectly adapted accessories make possible a uniquely environmentally-friendly result.

Our innovative detergent and warewashing hygiene products don't just shine because of their high performance and modern design. It's also down to their cost-effectiveness, their energy efficiency, and the preservation of natural resources. Because Winterhalter deals responsibly with the environment as a matter of course. This includes environmentally friendly production and the use of non-toxic, raw materials which do not pose any health risks. In addition, Winterhalter is certified according to ISO 9001, 14001 and OHSAS 18001. The surfactants contained within fulfil the conditions of biodegradability according to the OECD test 302 B (EC 648/2004).

HIGH-PERFORMANCE AND ENVIRONMENTAL-FRIENDLY WASHING WITH THE F420 AND THE B220.

Both products meet the new EU Ecolabel standard for commercial dishwashing. The EU Ecolabel identifies products that have fewer impacts than comparable products on the environment and on health throughout their whole lifespan. They are tested by independent experts, and products certified with the EU Ecolabel are therefore some of the most environmentally-friendly in the industry.

F420 Special Bistro Detergent

Liquid, alkaline detergent for hard water use

Registration number EU Ecolabel: DE/038/018
